## **Use of Cookies**

The DHT website use "cookies" to help you personalize your online experience. A cookie is a text file that is placed on your hard disk by a Web page server. One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the Web server that you have returned to a specific page. For example, if you personalize DHT website pages, or register with DHT website or services, a cookie helps DHT website to recall your specific information on subsequent visits.
